In library borrowing we have two very important computers that allow both teachers and students to borrow and return books.

We have an interesting variety of books in the library including fiction, information books, picture books, books with tape/CD and DVDs.

How to borrow

Step 1: Make sure the GREEN page is on the screen of the borrowing computers. Next, scan the barcode on your library borrowing card. (This tells the computer who you are.)

Step 2: When your name comes up on the borrowing screen, scan the East Para Primary School barcode on the book. (You should find it on the front of the book.)

Step 3: Quietly relax and read the book you have just borrowed.

REMEMBER

- You always need your card with your name on it to borrow.
- If your card snaps or you find a card please go tell a teacher.
- If your card snaps you will have to buy a new one for $5.00.
